DETAILED ACTION

Allowable Subject Matter

Claims 8,16,21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 22-31 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claim Objections

Claims 7,15 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Note the nozzle has already been claimed in the independent claims.

Claim Rejections - 35 USC § 112

Claims 7,15,22-31 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. How do claims 7 and 15 further limit the claims they depend upon? In claims 22-31, applicant refers to a secondary baffle before a first baffle is mentioned; clarification is required.

Claim Rejections - 35 USC § 102

Art Unit: 3725

Claims 1-7,9-15 are rejected under 35 U.S.C. 102(b) as being anticipated by either Stiggins et al or Gordon. See paper number 4 for this rejection. Furthermore, coupling 58 acts as a nozzle in Stiggins et al and nipple 49 acts as a nozzle in Gordon.

Claim Rejections - 35 USC § 103

Claims 17-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bebinger. See paper number 4 for this rejection.

Response to Arguments

Applicant's arguments filed 12/8/03 have been fully considered but they are not persuasive. The term nozzle is very broad and can read on any number of apparatus elements.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
